

## Alkaline products for cleaning and degreasing

# FAMSKIN<sup>®</sup> ABT 11

**FAMSKIN<sup>®</sup> ABT 11** is liquid product for cleaning and degreasing made on the basis of selected active components, suitable alkalis, surfactants for wetting and emulsifying and against creating deposits due to water hardness.

### ADVANTAGES

- Effective at room temperature and at elevated temperatures,
- It does not contain solvents and other easily volatile components,
- It efficiently degreases and is stable in hard water,
- Reduced foaming enables application under pressure,
- No effect on non-ferrous and light metals,
- No effect on automobile colour, rubber and plastics,
- Good solubility in cold water,
- It does not contain nitrites.

### QUALITY LEVEL

FAM FSP 23051

### APPLICATION

**FAMSKIN<sup>®</sup> ABT 11** is applied for chemical degreasing and cleaning of parts made of cast iron, steel and non-ferrous metals in machining of steel and non-ferrous metals. Product is primarily intended for overhaul cleaning of engine parts, maintenance and external care of engine and car by spraying procedure in devices under high pressure, steam jet. It is suitable for the maintenance of floors and flat surfaces in working premises. It can be used for removal of anticorrosion coatings from coloured automobile parts as well as alkaline shampoo for the maintenance of automobiles and transportation vehicles.

**FAMSKIN<sup>®</sup> ABT 11** is applied by spraying, manual lubrication and immersion. It is used diluted with water in concentrations from 3-15 % at room temperature or heated up to ca 60°C depending on application point and degree of impurity.

### TYPICAL CHARACTERISTICS

CHARACTERISTICS	UNITS	<b>FAMSKIN<sup>®</sup> ABT 11</b>	METHODS
Appearance	-	clear liquid	visual
Density	g/ml	1.125	SRPS EN ISO 4316
pH of the concentrate	-	12	SRPS H.Z1.111
pH of 4% solution	-	11	SRPS H.Z1.111
Effect on metals	-	does not have effect	FAM MO 2250

### STORAGE

Store in a confined space. Do not store at elevated temperatures, nor in places exposed to direct sunlight, nor at temperatures below 5°C. All necessary instructions can be found in the Safety Data Sheet. It contains details of possible hazards, warnings and first aid measures, as well as the environmental impact and the necessary measures when storing.
